Dear Property Owner,

As you are aware the Town of Greenburgh has ordered a town wide reassessment update of all real property. Tyler Technologies is the firm that has been hired to perform this project.

This letter is to inform you that data collectors & final reviewers **Rich Nicolosi, James Steiner & Salim Serdah** are employed by Tyler Technologies and will be visiting and evaluating all properties located in the Town of Greenburgh as part of this reassessment process. Data collectors will be wearing bright yellow Tyler Technologies vests and every Tyler employee will have an ID badge.

Each Tyler employee has undergone a background check prior to the start of this project and is required to wear and display their identification badge at all times. The Town is requesting your cooperation while we collect this necessary data that will ensure that property owner's pay taxes based on accurate property values.
